ADOPT-A-WISH® PROGRAMME

Transform lives, one wish at a time.

We believe wishes improve the odds for wish children fighting critical illnesses. Wishes are amazing and fun, and they are more than that: they inspire, and they have the power to change lives. Wishes help children look past their limitations, families overcome anxiety, and entire communities experience joy.

Most importantly, wishes can improve a child's quality of life, giving them a better chance of recovering. Despite suffering from critical illnesses such as cancer, muscular dystrophy, or end-stage kidney failure, having their special wish fulfilled gives children a chance to put their illness aside and experience the impossible becoming possible.

Adopt-A-Wish Programme

Make-A-Wish depends solely on the support and generosity of the community to fulfil each and every wish. A company, an employee group, a professional club, an individual, or a group of friends can adopt a child's wish.

Wish Adopter Benefits

1. A direct contribution towards making a wish child's wish come true.
2. Your name published as a Wish Adopter if the wish is featured in our newsletter.
3. A Wish Report at the end of the wish.

21 children are waiting for their wish to be adopted.

*Take a look at the wishes below and choose the one that speaks to you most.
Simply let us know the Wish Child's initials and Wish Child's number to begin.*

Together, we can create life-changing wishes
for children with critical illnesses.

THE IMPACT OF A WISH

A GIFT OF HOPE & STRENGTH

A FAR-REACHING EFFECT

A LASTING IMPACT

"I wish to go to Monster Jam!"

Tharsan, 6, metastatic medulloblastoma

During his treatment, Tharsan found comfort in Monster Truck videos on YouTube, a world his dad first introduced him to. Watching them together became a family ritual, especially during quieter periods at home when he needed to be kept safe from infections. Though shy when his volunteer wish granters met him, Tharsan lit up the moment Monster Trucks came up. He proudly showed us his box of trucks, naming each one, and told us how much he loved playing with his dad, sister, cousins and neighbours.

With an event coming to Singapore just weeks away, his volunteer wish granters timed his wish to celebrate his sixth birthday. The family held a Spider-Man party with matching "Team Tharsan" T-shirts, and a wooden-box advent calendar counted down the days to his Wish Day.

On the day, an excited Tharsan was driven to the National Stadium for exclusive pit access, a halftime interview and a VIP tour with the drivers!
