MAKE-A-WISH Singapore

"We grant the wishes of children with life-threatening medical conditions to enrich the human experience with hope, strength and joy."

Chris Greicius, a brave 7-year-old boy, from Phoenix, Arizona, was the inspiration for the Make-A-Wish® mission to grant wishes to children with life-threatening illnesses.

Chris had leukaemia and his greatest wish was to become a policeman. His dream was realised when his family, friends and local community organised a tailor-made uniform, a ride in a helicopter and completed his VIP treatment with the presentation of his policeman's badge.

All involved were so touched by this experience that they vowed that granting wishes and making dreams come true for these incredibly brave children should continue.

To date, more than 350,000 wishes have been granted worldwide and many children have experienced the power of a wish.

Our aim is to go beyond the mere delivery of each child's wish. Instead, we hope to create an unforgettable and meaningful experience in making these wishes come true. In their fight to overcome their illnesses, we know that such memories are a source of joy, encouragement, hope and even strength to these children. It is our goal, in Singapore, to reach every medically eligible child.

We need you!

LEADERSHIP MESSAGE

Lawrence Patrick

I'm one of the newest members of the Singapore chapter of Make-A-Wish Foundation having joined in 2016. Almost immediately after joining I realized how passionate the board directors, staff and countless volunteers are about advancing this truly noble cause. I'm still early on in my tenure and haven't yet had the opportunity to grant my first wish however, I was fortunate enough to accompany my nephew on his wish journey in late 2016.

My nephew suffers from a rare kidney disease called MPGN2/ C3GN, or Dense Deposit Disease. As an avid English Football fan his wish was to travel to London and watch an Arsenal match. The U.S. Make-A-Wish Foundation coordinated an amazing wish journey that included meeting players and sight-seeing around greater London creating memories that will last forever.

Children world-wide are benefiting from the great work of the foundation and its legions of volunteers and donors and I feel privileged to be a part of this amazing network. I'm looking forward to contributing more of my time and support in the years ahead.

Lawrence Patrick

"I wish to have a Mickey & Minnie birthday party!"

Harper, 3, Acute lymphoblastic leukaemia

We first met Harper in early May, and her love for Mickey & Minnie was evident from the start. Elina & I started planning a full-blown Mickey & Minnie themed party on 18 June, which was near her birthday. Ritz Carlton not only sponsored the venue for the party, but a staycation for the entire family. The fun started in the early afternoon of 18 Jun, when the family checked into the room, and was surprised with a 'cake' made up of towels, and covered in Mickey & Minnie decorations, for Harper. The family was also blown over by the view of the city.

The party finally started for Harper in the mid-afternoon, and they were greeted with a huge balloon arc of Mickey & Minnie theme, and a bouncy castle. Harper's family and friends were entertained by the fringe activities, such as face painting, balloon sculpturing, candy claw machine, sand art booth, and professional photo booth. Everyone were amazed by the details that the Ritz Carlton put into their yummy Mickey & Minnie themed food & desserts. Halfway through the party, the magician engaged the children while the adults continued their conversations. The highlight of the party was definitely when Mickey & Minnie themselves turned up to attend Harper's party! All the children were drawn to them, including Harper. Mickey & Minnie celebrated Harper's birthday by singing her a birthday song, and cutting her Mickey & Minnie themed cake together with her. Harper was surrounded by her family, loved ones, and friends on her wish day.

We bought many Mickey & Minnie themed toys for Harper's birthday, and also followed up with a subsequent home visit to view the canvas and photo album we got for the family, for memory keepsakes.

Harper was referred to Make-A-Wish by CCF@KKH.

"I wish to have a motorized wheelchair!"

Madan, 17, complex genetic condition

Madan is a 17-year-old boy from a single-parent family with a several congenital conditions that prevents regular body growth. Due to this, he has poorly-functioning kidneys which is progressively degenerating as he ages. He attends regular school and is currently in secondary one. Despite this, he is an extremely sweet boy who worries for his mother and just wants to do her proud.

Madan's wish was for a motorised wheelchair as given his condition, he is unable to push himself on a manual wheelchair. A motorized one will allow him to be more independent, both at home and school, and not have to always seek help from his mother or friends for simple tasks.

Working closely with Madan's physiotherapist, customized add-ons were selected such as puncture-proof performance tires with stainless steel rims, proper chest support, and a specialized set-up to give his wheelchair a powerful "engine".

Once his new ride was ready, a special day out was planned. Madan really wanted the chance to visit Marina Bay Sands as he has heard all about it but never had the chance to visit.

A VIP-hosted trip to the Marina Bay Sands SkyPark Observation Deck and guided tour of the ArtScience Museum was planned so that Madan could experience his new independence. The day ended with a wholesome lunch at Pizzeria Mozza where a special menu was created just for Madan so that he could try as many dishes as possible!

Madan was referred to us by the National University Hospital. His wish was granted on 8 July 2017 and made possible by the kind donation from the Singapore Maritime Officer's Union.

Madan's Wish was adopted by Singapore Maritime Officers' Union.

"I wish to watch the Korean band BTS live!"

Atirah, 15, autoimmune disease

Atirah was too shy to say it, but we knew from our first visit that her wish would be related to Korea. All it took was a stroke of luck (our Wish Granters are fans of K-culture) and asking the right questions for Atirah to reveal her wish to watch her favourite Korean band, BTS, perform live in front of her. They were here at a concert (MUSIC BANK) in Singapore on Aug 2017.

Tickets were sold out before her wish capture, and Atirah was disappointed thinking that she would have to come up with an alternative wish – to go to Korea. She'd rather attend the concert in Singapore with her childhood best friend; the one who introduced her to K-pop music than to travel overseas.

Through personal contacts and reliable sources, we found two tickets to the best seats (Category 1) in the house and announced the good news to Atirah only two days before the concert. Leading up to the big day, she received a bag full of BTS merchandise and a 'concert-ready kit' filled with flashlights and personalised fans. During the concert, Atirah texted us lyrics from the songs, telling us how much fun she was having.

A few weeks after the concert, Atirah received an autographed photobook from BTS in her mailbox. The item which has been personally signed by all members of her favourite band, has turned into an item of personal value and cherished keepsake.

Atirah is not the shy girl we first met back in May 2017, she is more cheerful than before and is not afraid to text us, saying ""i want to cry alrd daz scute " (I want to cry already, that's so cute) when she received the photobook surprise.

Atirah was referred to Make-A-Wish by KK Women's & Children's Hospital.
Note – Atirah is the one in white.

I wish to be a photographer!

Alex 16, lymphoma

Alex is a relaxed and very focused young man who completed his last treatment a few weeks ago. He has recently returned to school and hopes to be an architect when he enters university! That being said, he's very passionate about photography; being a member of the school photography club and spends his weekend outdoors capturing photos. His wish was to be able to master night-time photography as it was a skill he was still learning to master.

As Alex did not have his own DSLR camera so that was the first thing we had to address! Alex played an active role in letting us know what he was used to and what he felt he would like to try. We also enlisted the help of celebrity photographer Kevin Ou who help to curate the right camera model, an extra ultra-wide lens, carbon-fibre tripod (essential for night photography!) as well as a dry cabinet to keep all his gear when they are not in use.

It was then time for Alex's private night-time photography masterclass with Kevin. This was held at a roof-top restaurant called LeVeL33 which overlooked Singapore's iconic Marina Bay skyline. Kevin shared his extensive knowledge about taking sunset photos especially the crucial timings that are so important for taking the magazine perfect images. Alex and Kevin discussed about angles and exposure settings and Alex was invited to explore his new camera to the fullest.

The workshop ended with a walk through the streets to learn how to look at objects and subjects from the perspective of a camera, and how to always be on the look out for interesting and captivating angles. Alex really learnt a lot about photography that night and even exclaimed that he never thought his wish day would have been so much fun.

Alex was referred to Make-A-Wish by CCF@KKH.
Alex's Wish was adopted by Stamford American International School.

"I WISH TO BE A BAKER!"

Bryan, 3, acute myeloid leukaemia

Despite his condition and being so young, Bryan has already taken a keen interest in cooking. He has many toys of pots and pans, and enjoys watching his grandmother and mother cook in the kitchen. Sometimes, they would allow him to hold the actual equipment which gets him very excited.

Being an incredibly shy boy, we were initially warned that it may be difficult to interact with him. But after an hour of "making" fruit pies with him, he revealed his one true wish of becoming a baker to bake cakes and breads!

As a lead-up to Bryan's wish day, we first arranged for a shopping spree at Bake-It-Yourself and for the first time, even for his parents, Bryan became so excited with all the kitchen equipment and kept chatting and saying he wanted to bake "now!".

His wish day was held at NOM Bistro and Bakery Café with his closest friends and relatives. Bryan got to make nitrogen ice-cream and cupcakes decked out in lots of sprinkles! He had so much fun stirring ingredients and putting toppings and decorations and serving them to his guests. He was a real natural in the kitchen!

Bryan was referred to Make-A-Wish by NUH.
Bryan's Wish was adopted by Stamford American International School.

Meet Zoe, our super fundraiser

An idea struck little Zoe when she was tasked to do a project that will benefit a charity in school.

Together with the help of her sister, this bubbly 8 year old set up a lemonade and cookies stand on a hot day and peddle her wares to the residents in her apartment block.

With her entrepreneurial spirit, Zoe raised a total of $1006 from the sale of her lemonade and cookies.

“A checklist is very helpful!” was her sage advice for budding fundraisers who are thinking of doing a donation drive for Make-A-Wish.

On behalf of Make-A-Wish Singapore, we would like to thank Zoe and her entire family for their lovely support.

It was a furry of activities at the Make-A-Wish over the past few months.

Here are some highlights

Donor and Volunteer appreciation

It is that time of the year again where we give thanks for all your lovely support. Donors and volunteer appreciation took place on at Carlton Hotel on the 27th July this year. The theme for this year was you are the star! And our guests definitely did not disappoint! From elaborate ball gowns to Star Wars characters, our audience had a tough time deciding on the winners for the best dressed.

The ballroom was packed with fun filled activities like silk-screening and a wish photo booth. Along with those activities, we had amazing performances from our wish child Namada and Marc and Hashy.

Nurses Day

On nurses day this year, our wish granting team decided to surprise these frontline warriors.

We became Make-A-Wish delivery and dropped off some healthy snacks for our amazing nurses at National University Hospital and KK Women's and children's hospitals.

A lesson on volunteering with Make-A-Wish Australia

Volunteers are the backbone at Make-A-Wish Singapore. Not only are they our hands and feet for our wish granting programme, they are also vital in our fundraising events such as charity golf and Santa Run for Wishes.

With the help of Make-A-Wish International to promote cross office learnings, we had the pleasure of hosting Ms Melissa Campbell, Volunteer Services Manager from Make-A-Wish Australia for a week.

During her stint in the office, she met some of our lovely volunteers to find out more about our processes and also made recommendations to improve on some of our gaps.

It was a fruitful week and we can't wait to implement some of her suggestions to improve on our processes to enhance our volunteering.

MAKE-A-WISH Singapore

SANTA RUN for Wishes

SATURDAY, 9 DECEMBER 2017

santarunforwishes.sg

Are you looking for an activity for your loved ones to pay it forward during the festive season?

Look no further than Santa Run for Wishes 2017!

From now till 6th October 2017, Make-A-Wish Singapore is offering a special rate of $42 (for adults) and $32 (for children) to all our supporters.

Sign up at santarunforwishes.sg

All runners are entitled to a race pack (worth $550) and an exclusive Santa/Elf t-shirt. All participants will also have the first access to a spectacular carnival filled with fun filled game booths and rides.

All proceeds from the run will go towards wish granting programmes and each year, we aim to grant at least 120 wishes. Please support us and help us grant more wishes for these children.

With your support, we can count on you to bring more hope, strength and joy to our Wish Children.

MAKE-A-WISH Singapore

Details of the run

9 December 2017
The Promontory
5 & 2 KM
Race starts at 7.30am

RUN FOR A CLAUS THIS HOLIDAY SEASON

Sign up now at www.santarunforwishes.sg to enjoy our early bird rates.
For more information, please contact adrian@makeawish.org.sg
